The image shows the back of a laptop, revealing its internal components. A large, rectangular, silver-colored metal plate covers the majority of the back. At the top, a black plastic strip houses the battery and its connectors. A white label is affixed to the center of the metal plate, displaying the model number 'L2178081', the text '(DL180)', 'Serial Number', a barcode, and the date '1/12/2017'. To the right of this label is another white label with a barcode. The bottom edge of the laptop shows the hinge mechanism and the base of the screen. The overall appearance is that of a well-maintained, possibly refurbished, electronic device.

The image shows the back of a laptop, revealing its internal components. A large, rectangular, silver-colored metal plate covers the majority of the back. At the top, a black plastic strip houses the battery and its connectors. A white label is affixed to the center of the metal plate, displaying the text 'L2178081', 'DL180', 'Serial: 123456789', and 'MADE IN CHINA'. To the right of this label is a barcode. On the left side, a white plastic strip is attached to the metal plate. The laptop is placed on a white surface.
