

# NEW PLC AFP0RC16T FP0R-C16T IN BOX PANASONIC Naïs

|                      |                                              |
|----------------------|----------------------------------------------|
| Model                | AFP0RC16T                                    |
| Brand                | Original                                     |
| Category             | <a href="#">Motor Driver</a>                 |
| I/O Points           | 16 points total (8 inputs / 8 outputs)       |
| Output Type          | Transistor output (NPN / Sink)               |
| Program Capacity     | 16,000 steps                                 |
| Program Memory       | Built-in EEPROM (No backup battery required) |
| Power Supply         | DC 24V                                       |
| Connector Type       | MIL Connector                                |
| Expansion Capability | Expandable, Max. I/O points up to 112 points |

## Note:

Invshop recommends that you inquire with the original factory or its agents about the latest production status and technical information about AFP0RC16T. The product parameters displayed on Invshop are entered by Invshop engineers according to the specifications, and efforts have been made to minimize errors, but we cannot guarantee the complete correctness of the parameters. Please refer to the specification sheet!
